

**102 HDS**  
**102 HHD**

CUTTING WIDTH	AUGER	FAN	WEIGHT (LBS)
102"	20"	12X30"	1445
102"	16"&16"	12X30"	1690

With its 8 1/2' cutting width and heavy duty hear box and PTO, this blower is capable of handling up to 160hp. It's 12X30" fan and oversized chute give it loads of capacity for even the most demanding conditions.

This blower has a long list of options including bolt-on cutting edge, truck-loading chute, 1000 rpm and orbit motor hood rotation which makes it extremely versatile and capable of any task put to it.
