

agricultural  **snowblowers**

**84-S**  
**96-S**

CUTTING WIDTH	AUGER	FAN	WEIGHT (LBS)
84"	20"	30X10"	965
96"	20"	30X10"	1025

These are our most popular farm duty blowers with many additional options available to make them commercial duty. Both blowers boast a 10"X30" dia. close tolerance, 4 balde fand with large easy turning chutes to handle the large volume of snow you'll be putting through it.

The **84-S** uses 5/16" re-inforced end-plates while the **96-S** gets 7/16". These blowers come standard with hydraulic hood turner assembly's and optional single or double auger (one 20" or two 16") to ensure that no snow gets left behind.

**84-S, 96-S - OPTIONS**

- Flex Hood**
- Bolt-on cutting edge**
